[Signature]  
(Signature of Notary)

My commission expires on December 1, 2025 Notary Public in and for the State of Texas.

September 15, 2025

## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors  
Lumberton Municipal Utility District  
Lumberton, Texas

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Lumberton Municipal Utility District, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Lumberton Municipal Utility District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Lumberton Municipal Utility District, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Lumberton Municipal Utility District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Lumberton Municipal Utility District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Lumberton Municipal Utility District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Lumberton Municipal Utility District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on page 5 through 10; the Schedules of Changes in Employer's Net Pension Liability and Related Ratios and Employer Contributions on pages 40 through 41; the Statement of Revenues, Expenses and Changes in Net Position – Budget and Actual – Water and Sewer Fund on page 42; and the Statement of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – Governmental Fund on page 43 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the Texas Supplementary Information listed in the Table of Contents on page 44 through 59 but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2025, on our consideration of the Lumberton Municipal Utility District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Lumberton Municipal Utility District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lumberton Municipal Utility District's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

As management of the Lumberton Municipal Utility District, we offer readers of the Lumberton Municipal Utility District financial statements this narrative overview and analysis of the financial activities of the Lumberton Municipal Utility District for the fiscal year ended June 30, 2025. We encourage readers to consider the information presented here in conjunction with the independent auditor's report and the District's financial statements, which follow.

### FINANCIAL HIGHLIGHTS

- The assets of the Lumberton Municipal Utility District exceeded its liabilities as of June 30, 2025, by \$36,800,895 (net position).
- The Lumberton Municipal Utility District's total net position increased by \$7,309,270. The District had expenses associated with all activities totaling \$11,046,358 and total revenues were \$18,355,628.
- As of June 30, 2025, the Lumberton Municipal Utility District's Water and Sewer Fund reported an ending net position of \$109,114,399.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Lumberton Municipal Utility District's basic financial statements. These basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the Lumberton Municipal Utility District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the Lumberton Municipal Utility District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decrease in net position may serve as a useful indicator of whether the financial position of the Lumberton Municipal Utility District is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). The governmental activities of the District include collections and disbursements of ad valorem taxes to pay off long-term debts. The business-type activities of the District include one enterprise activity: a water and sewer system.

The government-wide financial statements can be found on pages 11 and 12 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Lumberton Municipal Utility District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of Lumberton Municipal Utility District can be divided into two categories: governmental funds and proprietary funds.

## LUMBERTON MUNICIPAL UTILITY DISTRICT

### Management's Discussion and Analysis For the Year Ended June 30, 2025

---

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statements of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Lumberton Municipal Utility District maintains one individual governmental fund. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the Debt Service Fund, which is considered to be a major fund.

**Proprietary funds.** Lumberton Municipal Utility District maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District uses an enterprise fund to account for its water and sewer operations.

Proprietary funds provide the same type of information as the government-wide financial statements. The Water and Sewer Fund is considered a major enterprise fund for the District.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the Financial Statements can be found on pages 20 through 39.

**Other information.** In addition to the basic financial statements and accompanying notes, required supplementary information presents a schedule of changes in employer's net pension liability and related ratios, a schedule of employer contributions and budgetary comparison schedules for the Water and Sewer Fund and the Debt Service Fund to demonstrate compliance with the budget. This required supplementary information can be found on pages 40 through 43.

### Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Lumberton Municipal Utility District, assets exceeded liabilities by \$36,800,895 at June 30, 2025.

| Restricted                                         | 2,186,324                               | 74,511,857                  | (72,860,679)      | 3,837,502     |
| Unrestricted                                       | (76,088,092)                            | 4,061,750                   | 76,088,092        | 4,061,750     |
| Total Net Position                                 | \$ (73,901,768)                         | \$ 103,393,393              | \$ -              | \$ 29,491,625 |

For the fiscal years ended June 30, 2025 and 2024, the District has a reclassification of \$74,482,265 and \$76,088,092, respectively, to move the debt associated with the construction of Waterworks and Sanitary Sewer Facilities from Unrestricted net position to Invested in capital assets, net of related debt and restricted net position. The capital assets are reported in the business-type activities and the debt is reported in the governmental activities.

Total net position of the District's activities was \$36,800,895. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements was \$3,467,730 at June 30, 2025. The deficit in unrestricted governmental net position is addressed in Note Number 12 in the notes to the Financial Statements.

## **RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION FOR GOVERNMENTAL ACTIVITIES JUNE 30, 2025**

Governmental fund balance as reported on the balance sheet for governmental funds. \$ 2,872,454

The governmental funds report bond issuance costs as expenditures when they are first incurred. However, these costs should be deferred and amortized over the life of the bond. Therefore, the unamortized balance should be included in the Statement of Net Activities. (636,248)

The governmental fund reports gains or losses on bond refunding as other sources and other uses of funds when they are first incurred. These gains or losses are capitalized and amortized in the Statement of Net Position for Governmental Activities.

Deferred gain on early retirement of debt (307,747)  
Accumulated amortization 236,730

Long-term liabilities of the governmental activities are not due and payable in the current period and therefore, are not reported as fund liabilities. All liabilities, both current and long-term, are reported in the Statement of Net Position.

General obligation bonds payable (73,775,000)  
Accrued interest expense (871,863)

Deferred property tax revenue is recorded as a deferred inflow of resources in the governmental funds. Property taxes receivable, net of an allowance for uncollectable balances are recognized as income in the Statement of Net Position for Governmental Activities.

Deferred property tax revenue 168,170

Total net position as reported on the Statement of Net Position for governmental activities. \$ (72,313,504)

The accompanying notes are an integral part  
of these financial statements.

## **RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2025**

Net change in fund balances for total governmental funds. \$ (45,946)

The issuance of debt provides current resources to governmental funds while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position.

|                                   |           |
|-----------------------------------|-----------|
| Principal paid                    | 1,540,000 |
| Current year premium amortization | 65,827    |

Interest associated with bonded indebtedness is recorded when paid in the governmental funds. Accrued interest expense is reported in the Statement of Activities.

|                                                  |           |
|--------------------------------------------------|-----------|
| Accrued interest on bonds payable - prior year   | 890,750   |
| Accrued interest on bonds payable - current year | (871,863) |

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

|                                      |                |
|--------------------------------------|----------------|
| Prior year deferred property taxes   | (158,675)      |
| Current year deferred property taxes | <u>168,171</u> |

|                                                   |                            |

During the fiscal year ended June 30, 2025, water and sewer system additions included \$3,371,069 in developer contributions.

The accompanying notes are an integral part  
of these financial statements.

## **NOTES TO THE FINANCIAL STATEMENTS**

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

### 1) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The combined financial statements of the Lumberton Municipal Utility District (the "District") have been prepared in conformity with accounting principles applicable to governmental units which are generally accepted in the United States of America. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

#### **Reporting Entity**

The Lumberton Municipal Utility District (the District) was created by the 63<sup>rd</sup> Texas Legislature and operates pursuant to Chapter 49 of the Texas Water Code. The District, with approximately 38,000 acres, is located entirely within the southeast corner of Hardin County and, except for an additional 130 acres, with boundaries in common with Lumberton Independent School District, north of Beaumont, Texas.

The District has adopted Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity". In accordance with this statement, a financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The District is governed by a Board of Directors consisting of five individuals who are residents or owners of property within the District and are elected by voters within the District. As required by generally accepted accounting principles, these financial statements present the activities of the District which is considered to be the primary government as well as the reporting entity. There are no other organizations which meet the criteria for inclusion herein as part of the financial reporting entity.

#### **Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Government activities*, which normally are supported by taxes and intergovernmental revenue, are reported separately from *business-like activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenue. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenue* includes 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenue are reported instead as *general revenue*.

Separate financial statements are provided for governmental funds and proprietary funds.

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

1) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resource, measurement focus, and the modified accrual basis of accounting*. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available when it is collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenue to be available if it is collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District has the following major governmental fund:

*Debt Service Fund* – To account for the accumulation of financial resources for, and the payment of general long-term debt principal, interest, and other costs. The primary source of revenue is property taxes.

The District has the following major proprietary fund:

*Enterprise Fund* – To account for operations that are financed and operated in a manner similar to private business enterprises when the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed primarily through user charges. The predominant function of the District's operations are maintained within the water and sewer operating fund. The water and sewer operating fund is accounted for as an enterprise activity.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenue include 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions. Internally dedicated resources are reported as general revenue rather than as program revenue. Likewise, general revenue includes all taxes.

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

1) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)**

Proprietary funds distinguish operating revenue and expenses from non-operating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the Water and Sewer Fund are charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenue and expenses.

**Using Estimates**

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates.

**Budgetary Control**

Budgets for the Water and Sewer Operating Fund are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts shown on the budget to actual statements are as originally adopted or as amended by the District.

**Organizational Costs**

The District, in conformance with requirements of the Texas Commission on Environmental Quality (formerly TNRCC), capitalized and charged to organization costs, for the creation period, all costs incurred in the creation of the District allowed by statute. Organizational costs were amortized over the estimated life of the utility system which is 35 years.

**Inventory**

Inventory is valued at cost, determined by actual physical count. Consumable supplies are considered an expense when purchased.

**Interfund Receivables/Payables and Transfers**

From time to time transactions occur between individual funds. These receivables and payables are classified as "due from other funds" or "due to other funds" on the statements of net position and balance sheet. Transactions representing goods provided or services rendered are reported as transfers in/transfers out. Transactions reported for the year ended June 30, 2025 represent transfers to cover administrative expenditures related to the levy and collection of property taxes. See Note 8 for additional information.

**Capital Assets**

Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads, bridges, sidewalks and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

1) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Capital Assets (Continued)**

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the following useful lives:

| <u>Assets</u>                     | <u>Years</u> |
|-----------------------------------|--------------|
| Buildings                         | 5 – 35       |
| Improvements other than buildings | 10 – 35      |
| Equipment                         | 3 – 10       |

**Compensated Absences**

Vacation accrues at the end of the first year of continuous service. Employees shall be eligible for five working days of vacation after one year of continuous employment, which will increase to ten days on January 1 of the second year of employment. After five years and ten years of continuous employment, vacation days will increase to fifteen days and twenty days, respectively. Employees receive thirty days of sick leave and one personal day. Vacation and sick days are issued at January 1<sup>st</sup> and expire on December 31<sup>st</sup>, no days carry over into the next year.

In the year ended June 30, 2025, the District adopted Governmental Accounting Standards Board Statement 101 *Compensated Absences*. The statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Leave is attributable to services already rendered when an employee has performed the services required to earn the leave. Leave that accumulates is carried forward from the reporting period in which it is earned to a future reporting period during which it may be used for time off or otherwise paid or settled. In estimating the leave that is more likely than not to be used or otherwise paid or settled, the District considered relevant factors such as employment policies related to compensated absences and historical information about the use or payment of compensated absences. Leave that is more likely than not to be settled through conversion to defined benefit postemployment benefits is not included in the liability for compensated absences.

The implementation of GASB 101 resulted in an increase in the compensated absences balance of \$101,605, which the District considers to be an immaterial amount in relation to the financial statements as a whole, and such, is reflected as a current year expense for the year ended June 30, 2025.

**Nature of Purpose of Reservations and Designations of Fund Equity**

The Proprietary Fund maintains the liability for revenue bonds that are paid from water and sewer service revenues. The current principal and interest maturity requirements are funded by an interest and sinking account set up in accordance with bond ordinances. A sinking fund reserve account has also been established for future debt requirements of the revenue bonds. The equity of those two accounts is, according to bond ordinance, a reservation of the Water and Sewer Fund Equity.

The District issued bonded debt to finance expansion of the wastewater treatment plant. The construction costs and related assets will be managed by the Proprietary Fund. Repayment of the bonds is accomplished by collection of tax revenue in the Governmental Fund. Bond proceeds were transferred from the Governmental Fund to the Proprietary Fund to fund construction costs. The unspent bond proceeds in the Proprietary Fund at year end are restricted for capital projects. See Note 13 for additional information.

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

1) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Amortization**

Gains on advance refunding of bonds are accounted for as deferred inflow of resources in the Governmental Activities Statement of Net Position and are amortized over the original remaining life of the old debt.

**Restricted Assets**

Resources set aside for the repayment of revenue bonds, are classified as restricted assets on the Statement of Net Position because their use is limited by applicable bond covenants. Restricted resources are used first to fund related appropriations and unrestricted resources are used after restricted resources are depleted.

**Cash and Cash Equivalents**

For purposes of the Statement of Cash Flows, the Proprietary Fund Type considers all highly liquid investments (including restricted assets) with maturities of three months or less when purchased to be cash equivalents.

**Long-Term Obligations**

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type activities Statement of Net Position.

In the governmental fund financial statements, debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

**Risk Management and Participation in Risk Pools**

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are protected by participation in the Texas Municipal League Intergovernmental Risk Pool. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

**Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Texas County and District Retirement System (TCDRS) and additions to/deductions from TCERS's fiduciary net position have been determined on the same basis as they are reported by TCERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Subsequent Events**

In accordance with ASC 855, the Management of Lumberton Municipal Utility District has evaluated subsequent events through September 15, 2025, the date on which the financial statements were available for issue.

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

### 2) **CASH AND INVESTMENTS**

Texas statute and the District's investment policy authorize the District to invest in U.S. Treasury bills, notes, and bonds, which are backed by the full faith and credit of the United States government, U.S. governmental agency securities, and insured or collateralized time deposits issued by banks domiciled in the State of Texas.

At the year-end, the carrying amount of the District's deposits was \$82,937,628 and the bank balance was \$82,982,554. All deposits as of the financial statement date were insured by FDIC coverage or collateralized by a letter of credit and pledged securities held by the depository's agent in the District's name.

The District addresses its credit risk, custodial credit risk and concentration of credit risk by investing only in local financial institution instruments that are fully insured or collateralized. The District addresses its interest rate risk by investing primarily in short-term instruments.

There were no investments at June 30, 2025.

Cash is reported in the financial statements as follows:

|                                         | Cash                 | Investments | Total                |
|-----------------------------------------|----------------------|-------------|----------------------|
| Governmental Activities                 | \$ 2,795,288         | \$ -        | \$ 2,795,288         |
| Business-Type Activities - unrestricted | 2,715,744            | -           | 2,715,744            |
| Business-Type Activities - restricted   |                      |             |                      |
| Interest and Sinking Fund               | 580,750              | -           | 580,750              |
| Bond Reserve Fund                       | 1,105,143            | -           | 1,105,143            |
| Capital Improvements                    | 74,710,545           | -           | 74,710,545           |
| Customer Meter Deposits                 | 1,030,158            | -           | 1,030,158            |
|                                         | <u>\$ 82,937,628</u> | <u>\$ -</u> | <u>\$ 82,937,628</u> |

### 3) **OTHER ACCOUNTS RECEIVABLE**

During the year ended June 30, 2025, the District elected to record receivables due from contractors relating to damage caused to District property by contractors. The District believes collection of these amounts is unlikely, and have recorded a corresponding allowance. Receivables in the amount of \$96,259, and an allowance for doubtful accounts of \$96,259 are reflected the other accounts receivable balances as of June 30, 2025.

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

### 4) PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are normally levied on October 1 and payable by January 31. The District's taxes are billed and collected by the Hardin County Tax Assessor-Collector's office. In the fund financial statements, the District's property tax revenues are recognized as collected.

The District levies taxes in unlimited amounts for the payment of principal and interest of general long-term debt. The District, for the current year, had assessed valuations of \$1,897,564,361 and levied property taxes in the amount of \$3,943,816 from a tax rate of \$0.206139/\$100 valuation.

Property taxes receivables as of June 30, 2025, were comprised of the following:

| <u>Year of<br/>Levy</u> | <u>Debt Service<br/>Fund</u> |
|-------------------------|------------------------------|
| 2024                    | \$ 149,030                   |
| 2023                    | 56,746                       |
| 2022                    | 39,279                       |
| 2021                    | 9,292                        |
| 2020                    | 7,826                        |
| Before 2020             | <u>69,634</u>                |
|                         | <u><u>\$ 331,807</u></u>     |

In the Statement of Net Position, Property Taxes Receivable are reported net of an allowance for uncollectibles of \$118,991.

\* The District has additional capital projects not yet begun that will be funded with bonded debt.

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

5) **CAPITAL ASSETS (CONTINUED)**

Depreciation expense was charged to functions/programs of the District as follows:

|                                                       |                     |
|-------------------------------------------------------|---------------------|
| Business-type Activities                              |                     |
| Water and Sewer                                       | \$ 1,661,439        |
| Total Depreciation Expense - Business-type Activities | <u>\$ 1,661,439</u> |

6) **INTANGIBLE ASSETS, DEFERRED GAINS AND AMORTIZATION**

Intangible assets and related amortization as of June 30, 2025, included the following:

|                                                               | <u>Historical<br/>Cost</u> | <u>Accumulated<br/>Amortization</u> | <u>Net</u>       |
|---------------------------------------------------------------|----------------------------|-------------------------------------|------------------|
| Governmental Activities                                       |                            |                                     |                  |
| Deferred gain on defeased bonds<br>(residual deferred charge) | <u>\$ 307,747</u>          | <u>\$ 236,730</u>                   | <u>\$ 71,017</u> |

Amortization of the deferred gain in the Governmental Activities was \$23,673 for the year ended June 30, 2025 and is recorded as a reduction of interest expense.

7) **LONG-TERM DEBT**

***General Obligation and Revenue Bonds***

The District issues general obligation and revenue bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental activities and revenue bonds have been issued for business-type activities.

General obligation bonds are direct obligations and pledge the full faith and credit of the District. General obligation and revenue bonds currently outstanding are as follows:

| <u>Purpose</u>           | <u>Amount</u>        |
|--------------------------|----------------------|
| Governmental activities  | \$ 73,775,000        |
| Business-type activities | <u>4,110,000</u>     |
|                          | <u>\$ 77,885,000</u> |

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

7) **LONG-TERM DEBT (CONTINUED)**

***General Obligation and Revenue Bonds (Continued)***

General Obligation Bonds payable at June 30, 2025 are comprised of the following individual issues:

|                                                                                                                                                                         |                             |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------|
| \$5,770,000 Series 2015 Tax Refunding Bonds due in annual principal installments of \$455,000 to \$550,000 through August 15, 2027; with interest at 2.00% to 4.00%     | \$ 1,615,000                |
| \$30,275,000 Series 2022A Unlimited Tax Bonds due in annual principal installments of \$450,000 to \$1,750,000 through August 15, 2052; with interest at 3.00% to 6.00% | 29,350,000                  |
| \$44,000,000 Series 2022B Unlimited Tax Bonds due in annual principal installments of \$640,000 to \$2,165,000 through August 15, 2052; with interest at 1.07% to 2.69% | <u>42,810,000</u>           |

#### ***Refunding and Defeased Debt***

On August 20, 2015, the District refunded the General Obligation Bonds, Series 2005. Bonds in the amount of \$5,875,000 bearing interest at 2.1% to 3.85% were called on August 21, 2015 and were funded with the proceeds of Tax Refunding Bonds, Series 2015 in the amount of \$5,770,000 bearing interest at 2.0% to 4.0%. This refunding resulted in a net present value savings of \$348,649.

On April 17, 2018, the District refunded \$2,885,000 of the Utility System Revenue Bonds, Series 2007. The Series 2007 refunded bonds bore interest at 4.97% to 5.57% and were called on May 24, 2019 being funded with the proceeds of the Utility System Revenue Refunding Bonds, Series 2018 in the amount of \$2,680,000 bearing interest at 5%. This refunding resulted in a net present value savings of \$344,857.

On June 2, 2020, the District refunded \$4,265,000 of the Utility System Revenue Bonds, Series 2012. The Series 2012 refunded bonds bore interest at 3.0% to 3.25% and were called on August 15, 2020 being funded with the proceeds of the Utility System Revenue Refunding Bonds, Series 2020 in the amount of \$3,705,000 bearing interest at 4% to 5%. This refunding resulted in a net present value savings of \$308,465. A deposit of \$4,330,494 was placed in escrow to defease the \$4,265,000 of Series 2012 bonds on August 15, 2020.

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

8) **OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES**

Generally accepted accounting principles require disclosure, as part of the basic financial statements, of certain information concerning individual funds including:

- A) Segment information for certain enterprise funds. This requirement is effectively met in this report because the District maintains only one enterprise fund.
- B) In the Water and Sewer Fund, service fees were below budget by \$867,210 and miscellaneous revenues were below budget by \$89,615.
- C) In the Debt Service Fund, collection costs exceeded budget by \$10,003 and appraisal district fees exceeded budget by \$65,483.
- D) The annual property tax levy is restricted to the balance necessary to meet the debt service requirement of principal and interest on certain impacted general obligation bonds. Therefore, General Debt Service Fund administrative costs including appraisal and collection fees must be funded from another source. The Water and Sewer Proprietary Fund was required to make a transfer for the fiscal year ended June 30, 2025 in the amount of \$190,486 for fees paid during the period. The District made a transfer for \$83,970,

9) **PENSION COSTS**

***Plan Description***

Lumberton Municipal Utility District provides retirement, disability and death benefits for all of its full-time and part-time non-temporary employees through participation in the statewide Texas County and District Retirement System (TCDRS), a nontraditional defined benefit pension plan. The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of 848 nontraditional defined benefit pension plans. TCDRS in the aggregate issues an annual comprehensive financial report (ACFR) on a calendar year basis. The ACFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

9) **PENSION COSTS (CONTINUED)**

***Plan Description (Continued)***

The Plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service or with 30 years regardless of age, or when the sum of their age and years of service equals 80 or more. Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of those monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death or disability the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

At June 30, 2025, the following employees were covered by the benefit terms:

|                                                                  |                  |
|------------------------------------------------------------------|------------------|
| Inactive employees or beneficiaries currently receiving benefits | 8                |
| Inactive employees entitled to but not yet receiving benefits    | 32               |
| Active employees                                                 | <u>36</u>        |
|                                                                  | <u><u>76</u></u> |

***Funding Policy***

The employer has elected the annually determined contribution rate (ADCR) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually.

The employer contributed using the actuarially determined rate of 10.29% for the months of the accounting year in 2024 and 10.38% for the months of the accounting year in 2025. The contribution rate payable by the employee members for calendar years 2024 and 2025 is the rate of 7.00%, as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

***Annual Pension Cost***

For the employer's accounting year ended June 30, 2025, the annual pension cost for the TCDRS plan for its employees was \$282,012 and the actual contribution was \$285,448. The required contribution was determined as part of the December 31, 2024 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at December 31, 2024 included (a) 7.5 percent investment rate of return (net of administrative expenses) and (b) projected salary increases of 4.7 percent. Both (a) and (b) included an inflation component of 2.5 percent. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized on a level percentage of covered payroll basis over a closed period with a layered approach.

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

9) **PENSION COSTS (CONTINUED)**

The total pension liability/(asset) was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below.

***Discount Rate***

|                                                                                 | Year Ended<br>December 31,<br>2024 | Year Ended<br>December 31,<br>2023 | Year Ended<br>December 31,<br>2022 |
|---------------------------------------------------------------------------------|------------------------------------|------------------------------------|------------------------------------|
| Discount rate <sup>(2)</sup>                                                    | 7.60%                              | 7.60%                              | 7.60%                              |
| Long-term expected rate of return,<br>net of investment expenses <sup>(2)</sup> | 7.60%                              | 7.60%                              | 7.60%                              |
| Municipal bond rate <sup>(3)</sup>                                              | Does not apply                     | Does not apply                     | Does not apply                     |

<sup>(2)</sup> This rate reflects the long-term rate of return funding valuation assumption of 7.50%, plus 0.10% adjustment to be gross of administrative expenses required by GASB 68.

<sup>(3)</sup> The plan's fiduciary net position is projected to be available to make all projected future benefit payments of current active, inactive, and retired members. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return, and the municipal bond rate does not apply.

***Other Key Actuarial Assumptions***

The demographic assumptions were developed from the actuarial experience investigation of TCDRS over the years 2017-2020. They were recommended by the actuary and adopted by the TCDRS Board of Trustees in December of 2021. All economic assumptions were recommended by the actuary and adopted by the TCDRS Board of Trustees in March of 2021. These assumptions, except where required to be different by GASB 68, are used to determine the total pension liability as of December 31, 2024. The assumptions are reviewed annually for continued compliance with the relevant actuarial standards of practice.

9) **PENSION COSTS (CONTINUED)**

### Actuarial Methods and Assumptions Used for GASB Calculations

Valuation Timing                      Actuarially determined contribution rates are calculated each December 31, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial Cost method                      Entry Age (level percent of pay)

Amortization Method                      Level percentage of payroll, closed

Remaining Amortization Period                      15.5 years (based on contribution rate calculated in 12/31/2024 valuation)

Asset Valuation Method                      5-year smoothed market

Inflation                      2.50%

Salary Increases                      Varies by age and service. 4.7% average over career including inflation.

Investment Rate of Return                      7.50%, net of administrative and investment expenses, including inflation

Retirement Age                      Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.

Mortality                      135% of the Pub-2010 General Retirees Table for males and  
120% of the Pub-2010 General Retirees Table for females,  
both projected with 100% of the MP-2021 Ultimate scale after 2010.

Changes in Assumptions and  
Methods Reflected in the Schedule  
of Employer Contributions\*                      2015: New inflation, mortality and other assumptions were reflected.  
2017: New mortality assumptions were reflected.  
2019: New inflation, mortality and other assumptions were reflected.  
2022: New investment return and inflation assumptions were reflected.

Changes in Plan Provisions Reflected  
in the Schedule of Employer  
Contributions\*                      2015: No changes in plan provisions were reflected in the Schedule.  
2016: No changes in plan provisions were reflected in the Schedule.  
2017: New Annuity Purchase Rates were reflected for benefits earned after 2017.  
2018: No changes in plan provisions were reflected in the Schedule.  
2019: No changes in plan provisions were reflected in the Schedule.  
2020: No changes in plan provisions were reflected in the Schedule.  
2021: No changes in plan provisions were reflected in the Schedule.  
2022: No changes in plan provisions were reflected in the Schedule.  
2023: Employer contributions reflect that the member contribution rate was increased to 7%.  
2024: No changes to plan provisions were reflected in the Schedule.

\* Only changes that affect the benefit amount and that are effective 2015 and later are shown in the Notes to Schedule.

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

### 9) PENSION COSTS (CONTINUED)

#### ***Long-term Expected Rate of Return***

The Long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2025 information for a 10 year time horizon.

Note that the valuation assumption for long-term expected return is re-assessed in detail at a minimum of every four years, and is set based on a long-term time horizon. The TCDRS Board of Trustees adopted the current assumption at their March 2021 meeting. The assumption for the long-term expected return is reviewed annually for continued compliance with the relevant actuarial standards of practice. The actuary relies on the expertise of Cliffwater in this assessment.

<sup>(1)</sup> Reflects the change in the liability due to the time value of money. TCDRS does not charge fees or interest.

<sup>(2)</sup> Relates to allocation of system-wide items.

As of December 31, 2024, the deferred inflow and outflows of resources are as follows:

**Deferred Inflows / Outflows of resources**

|                                                      | Deferred<br>Inflows of<br>Resources | Deferred<br>Outflows of<br>Resources |
|------------------------------------------------------|-------------------------------------|--------------------------------------|
| Differences between expected and actual experience   | \$ -                                | \$ 218,781                           |
| Changes of assumptions                               | -                                   | -                                    |
| Net difference between projected and actual earnings | 63,844                              | -                                    |
| Contributions made subsequent to measurement date    | N/A                                 | 142,266                              |
|                                                      | <u>\$ 63,844</u>                    | <u>\$ 361,047</u>                    |

Amounts currently reported as deferred outflows of resources and deferred inflow of resources related to pensions, excluding contributions made subsequent to the measurement date, will be recognized in pension expense as follows:

|                           |           |
|---------------------------|-----------|
| Year ended December 31:   |           |
| 2025                      | \$ 17,894 |
| 2026                      | 171,691   |
| 2027                      | (24,882)  |
| 2028                      | (9,766)   |
| 2029                      | -         |
| Thereafter <sup>(3)</sup> | -         |

<sup>(3)</sup> Total remaining balances to be recognized in future years, if any. Note that additional future deferred inflows and outflows of resources may impact these numbers.

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2025

9) **PENSION COSTS (CONTINUED)**

***Payable to the Pension Plan***

At June 30, 2025, the District reported a payable of \$5,384 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2025.

10) **COMMITMENTS AND CONTINGENCIES**

The District is a party to various claims and legal actions arising in the ordinary course of operations. In the opinion of management, all such matters are adequately covered by insurance or if not so covered, are without merit, or involve such amounts that unfavorable disposition would not have a material effect on the operation of the District.

11) **TAX ABATEMENTS**

The District has not awarded any Tax Abatement Agreements under Texas Property Redevelopment and Tax Abatement Tax Code Chapter 312. There is one Tax Abatement agreement in effect within the District's boundaries. This agreement is between Hardin County and Altus Lumberton Realty and does not impact the District's tax revenue.

12) **NET POSITION (DEFICIT)**

The District utilizes the proceeds of general obligation and revenue bonds to purchase and construct its Water and Sewer system improvements. Those assets are reported as Business-type Activities but the liabilities relating to the bonds are reported both as Governmental Activities and Business-type Activities depending on whether said bonds are general obligation or revenue bonds. Since the Governmental Activities report the liability of the general obligation bonds but do not report any assets associated with those bonds, net position reflects a deficit of \$72,313,504.

13) **WASTEWATER TREATMENT PLANT EXPANSION AND FINANCING**

During the year ended June 30, 2021, the District began a feasibility and engineering study related to a possible wastewater treatment plant expansion and sanitary collection system improvements program. The resultant engineering report was a required step prior to the calling of a bond election. On November 2, 2021, the taxpayers approved issuance of bonds not to exceed \$74,275,000 for the purpose of paying for and financing the construction and equipping of public works, including the wastewater collection, transportation and treatment facilities of the District and for renovating, improving, expanding, upgrading, making additions to, rehabilitating and equipping existing public works in the District. The District issued \$30,275,000 of bonds dated August 1, 2022. The bonds mature from 2024 through 2053 with an interest rate of 3% to 6%. An additional \$44,000,000 of bonds were issued in September 2022 to the Texas Water Development Board from the Clean Water State Revolving Fund. The Construction-In-Progress referenced in Note 5 represents engineering fees incurred through June 30, 2025.

# LUMBERTON MUNICIPAL UTILITY DISTRICT

## SCHEDULE OF SERVICES AND RATES

JUNE 30, 2025

1. Services provided by the District:

|                                                                                                                                       |                                               |                                     |
|---------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------|-------------------------------------|
| <input checked="" type="checkbox"/> Retail Water                                                                                      | <input type="checkbox"/> Wholesale Water      | <input type="checkbox"/> Drainage   |
| <input checked="" type="checkbox"/> Retail Wastewater                                                                                 | <input type="checkbox"/> Wholesale Wastewater | <input type="checkbox"/> Irrigation |
| <input type="checkbox"/> Parks/Recreation                                                                                             | <input type="checkbox"/> Fire Protection      | <input type="checkbox"/> Security   |
| <input type="checkbox"/> Solid Waste/Garbage                                                                                          | <input type="checkbox"/> Flood Control        | <input type="checkbox"/> Roads      |
| <input type="checkbox"/> Participants in joint venture, regional system and/or wastewater service (other than emergency interconnect) |                                               |                                     |
| <input type="checkbox"/> Other                                                                                                        |                                               |                                     |

2. Retail rates based on 5/8" meter: Retail rates not applicable

The most prevalent type of meter (if not a 5/8"): 5/8" is most prevalent

Based on Rate Order dated January 1, 2025:

|            | Minimum Charge | Minimum Usage | Flat Rate Y/N | Rate Per 1,000 Gallons Over Minimum | Usage Levels |    |        |
|------------|----------------|---------------|---------------|-------------------------------------|--------------|----|--------|
| Water      | \$ 14.00       | 1,500         | Y             |                                     | 0            | to | 1,500  |
|            |                |               |               | 3.05                                | 1,501        | to | 7,000  |
|            |                |               |               | 3.50                                | 7,001        | to | 20,000 |
|            |                |               |               | 3.75                                | 20,001       | to | up     |
| Wastewater | 17.00          | 1,500         | Y             | 3.35                                | 1,501        | to | 7,000  |
|            |                |               |               | 3.75                                | 7,001        | to | 20,000 |
|            |                |               |               | 4.05                                | 20,001       | to | up     |
| Surcharge  | N/A            |               |               |                                     |              |    |        |

Does the District employ winter averaging for wastewater usage? Yes ☐ No ☒

Total water and wastewater charges per 10,000 gallons usage (including surcharges) \$ 88.40

3. Retail service providers: Number of retail and/or wastewater<sup>(1)</sup> connections within the District as of the fiscal year end. Provide actual number and single family equivalents (ESFC) as noted:

|                                                  | Active Connections | Active ESFC   | Inactive Connections (ESFC) <sup>(2)</sup> | Total         |
|--------------------------------------------------|--------------------|---------------|--------------------------------------------|---------------|
| Single family                                    | 8,670              | 8,670         | Unknown                                    | 8,670         |
| Multifamily                                      | 85                 | 209           | Unknown                                    | 209           |
| Commercial                                       | 731                | 1,596         | -                                          | 1,596         |
| Other - recreational centers, government and VFD | -                  | -             | -                                          | -             |
|                                                  | <u>9,486</u>       | <u>10,475</u> | <u>-</u>                                   | <u>10,475</u> |

(1) Number of connections relates to water service if water service is provided. Otherwise, number of wastewater connections is provided.

(2) "Inactive" means that water and sewer connections were made but service is not being provided.

See Independent Auditor's Report on Supplementary Information.

September 15, 2025

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors  
Lumberton Municipal Utility District  
Lumberton, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of Lumberton Municipal Utility District as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Lumberton Municipal Utility District's basic financial statements, and have issued our report thereon dated September 15, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Lumberton Municipal Utility District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lumberton Municipal Utility District's internal control. Accordingly, we do not express an opinion on the effectiveness of Lumberton Municipal Utility District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Lumberton Municipal Utility District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
